主要職歷

Prof. Winston Hsu (徐宏民) is an active researcher dedicated to large-scale image/video retrieval/mining, visual recognition, and machine intelligence. He is keen to realizing advanced researches towards business deliverables via academia-industry collaborations and co-founding startups. He is a Professor in the Department of Computer Science and Information Engineering, National Taiwan University. He founded MiRA (Multimedia indexing, Retrieval, and Analysis) research group and co-leads Communication and Multimedia Lab (CMLab). Working closely with the industry, he was a Visiting Scientist at Microsoft Research Redmond (2014) and had his sabbatical leave (2016-2017) at IBM TJ Watson Research Center, New York, to enhance Watson's visual cognition, where he contributed the first AI produced movie trailer. He is the Director and PI for NVIDIA AI Lab (NTU), the 1st in Asia. He received Ph.D. (2007) from Columbia University, New York. Before that, he was a founding engineer and R&D manager in CyberLink Corp. (訊連科技). He serves as the Associate Editors for IEEE Multimedia Magazine and IEEE Transactions on Multimedia, two premier journals.
